Note

Some of these Indians do not name their children until they are old enough to name themselves.

Wives frequently drop their own names, to adopt that of their husband.

many of these adults are in the habit of changing their names, and frequently: but no such alterations are made here: nor would it be consistent to do so, as it would only lead to confusion.

A CENSUS ROLL containing the name of each Head of Family, or individual without family, in  
tribe of Indians, with the number of women, of male children, and of female children in each family.
